Welcome to another year. I hope you are getting some of the rain and that drought may be a thing of the past.

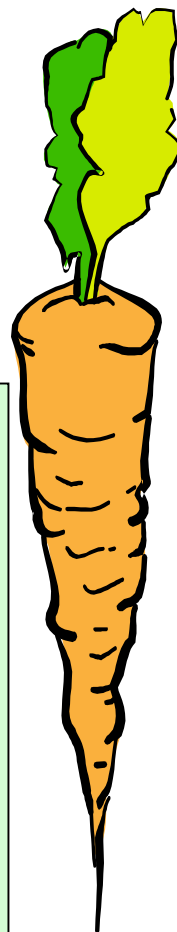

The important thing that will need to be looked at this year is planning the introduction of the changes to the HSC Agriculture Syllabus. The writing team I think have done a great job in bringing the syllabus up to date and refreshing it.

If you are interested this year's Premiers Agriculture Scholarships are open. Visit the website to get more info
<https://www.det.nsw.edu.au/awards/scholarships/index.htm>

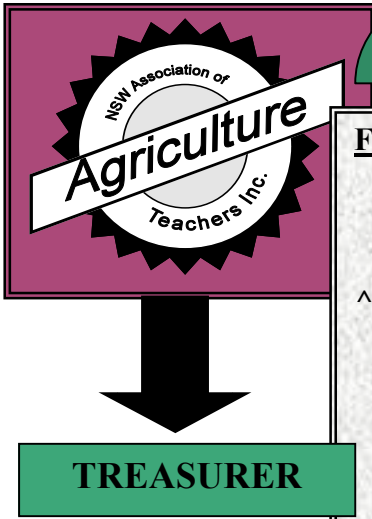

Please keep in mind the Biennial Conference organised for October this year at Farrer. These conferences are a great way of invigorating you, and giving you fresh ideas that can enthuse your students.

Have a good year and hope to see you at the conference.

Phil

You are warmly invited to join ...
members and guests of the NSW
Association of Agriculture Teachers at their

Biennial Conference 2010

*There is considerable 'discussion' at present about the
future directions for **Australian Agriculture**.*

*The debate is being portrayed in both in the press and in
parliamentary circles. The science, technology,
practicalities and sustainability of agriculture need to be
understood and communicated clearly. Teachers of
agriculture and agricultural educators in general are very
well placed to do this and are key players in the future of
agriculture in Australia and indeed globally.*

**STAND BY FOR FURTHER DETAILS TO
BE RELEASED AS THEY BECOME
AVAILABLE. HOWEVER.....**

*ensure your Principal and/or Professional
Learning Coordinator knows of your interest
and enthusiasm to attend*

NOW!!!
