Venue will be notified in confirmation email 3-4 days before the event.

### Workshop aims

To familiarise Agriculture teachers with the Stage 6 Agriculture syllabus and assist them to:

- become familiar with the amended Stage 6 Agriculture syllabus
- develop effective programming using a range of planning tools
- utilise teaching strategies to improve student learning outcomes
- become familiar with the Board of Studies marking guidelines for Stage 6 Agriculture.

The workshop will be presented by David Randall, Richmond High School on behalf of the Technology Unit.

Places are limited to 30 per workshop. The workshop costs \$110 (DET) and \$220 (non-DET). Includes morning tea and lunch, however your school will need to pay your relief and travel costs to attend.
